2. Total Defence Day

The theme for Total Defence Day 2023 - "Together We Keep Singapore Strong", focuses on the many ways we can put Total Defence into action in our everyday lives.

On 15 February 1942, Singapore fell to the Japanese. We mark Total Defence Day (TDD) on 15 February every year as a reminder of what could happen to us if we cannot defend Singapore ourselves; and to strengthen our resolve to keep Singapore safe, secure, and sovereign.

The school will be commemorating Total Defence Day on 13 February 2023. FTGP lessons and activities have been planned for our students to deepen their understanding of the theme of this year's TDD, "Together We Keep Singapore Strong".

The emphasis for this year's lesson will still be on how students can play a part in TDD and how they contribute to Singapore by being united and strong. During FTGP lessons, students will learn about the origin, purpose and significance of TDD, the different pillars of Total Defence and our roles in total defence. Students will learn these important aspects of Total Defence through engaging activities such as quizzes, games, stories, animations and reflecting on their experiences in their Magic Journal.

To create a cohort experience of showing awareness and gaining exposure about our safety heroes, the Singapore Police Force will also be included in the TDD programme. Police officers will provide an interactive vehicle display and carry out a demonstration focusing on key features in the vehicle which enable them to work efficiently. The students will also learn more about SGsecure through interactions with the officers.

To enhance the experience of commemorating Total Defence Day and help our students empathise with the hardships that our forefathers endured, we would like to encourage you to pack a simple snack item such as sweet potato, potato or plain porridge for your child's/ward's Snack Time on 13 Feb 2023.

We look forward to your support for these activities.

For any enquiries, do contact Mdm Cassandra Quek (quek_sock_cheng@schools.gov.sg) or Mdm Selvi (durai_thamaraiselvi@schools.gov.sg).

3. Updates on Shoe Recycling Project

We would like to thank you for your support in the recycling of shoes project carried out by Sierra Ziegler and her team members. It was a great success and they have managed to collect 242 pairs of shoes over a short period of two weeks. Do look out for the next round of collection in Semester 2. We definitely look forward to your contributions as we do our part in alignment with our School Direction for 2023 – Get Green and Love Earth.

4. Safer Internet Day Webinar for Parents

IV. CCA

To give the girls balance in the education pursuits, it is important for them to be regular in their CCA attendance. I hope parents/guardian will encourage and support the girls in the CCAs so that they will learn perseverance, teamwork, ability to juggle different demands and enjoy the camaraderie and sense of achievement in their CCAs. It is also a good opportunity for the girls to de-stress and do something different. CCA sessions for P6 will end by Semester 1.

V. Interview Workshop

Since 2009, with the help of our parent volunteers, we have organised Interview Workshops for our P6 students to guide them for the DSA interviews. The workshop has received very positive feedback from the pupils. We will organise this again for the girls on **20 May Saturday**.

I would like to strongly encourage parents/guardian who are in the human resource sector to volunteer your services to help out with this workshop. Please email your details to Ms Pek Xue Yan, Subject Head/English (pek_xueyan@schools.gov.sg) if you are available and she will follow up with you nearer the date.

This year will be a challenging opportunity for the girls but it will also be a precious avenue for families to come together and bond. The time and attention that you specially set aside will make your daughter/ward feel valued and loved. Having regular conversations with one another will allow you to gain deeper insights into what she values and help her find a balance between study and relaxation. Affirm her efforts. Encourage her to learn from mistakes made and move on. Celebrate her successes. Be there for her to guide her in managing the changes and expectations. Do not overly impose too many high expectations on her. It is important that her studies do not overshadow other aspects of family life. Striking a good balance is the way forward.

The teachers and I are committed to working with all of you and we hope to have your cooperation, understanding and support in our collaborative efforts together to educate and care for the girls.
