

11 March 2024

Dear Parent / Guardian,

1. The Health Promotion Board (HPB) has completed the annual school health visit at the school.
2. You may access your child's *School Health Assessment Summary Report* on [HealthHub](#).
To do so, scan this QR for video guide.

3. Primary 5 students have been given a home vision screening chart for parent-administered assessment of vision. This assessment is an estimation of your child/ward's visual acuity and is not a substitute for an eye examination by an optometrist or ophthalmologist. Please seek advice from an optometrist or ophthalmologist if required.

Thank you.
