2. Hong Baos (Red Packets) Recycling Initiative

The tradition of giving and receiving hong baos (red packets) during Lunar New Year is cherished by many of us. However, we also recognize the environmental impact of discarding these red packets after use. In partnership with Bukit Timah Youth Network and Geneco, we will be placing a special collection bin just outside the General Office for the purpose of recycling the used hong baos. Starting from Wednesday, 14 February, until Wednesday, 28

February, students are encouraged to deposit their used hong baos into this bin. To facilitate the recycling process, we kindly request that students empty the contents of the red packets before placing them in the bin. We thank you for your support in encouraging your child/ward to participate in this meaningful activity.

3. Commemoration of 40 years of Total Defence 2024

2024 marks 40 years of Total Defence (TD40) in Singapore. As part of our commemoration of TD40 this year, our students will experience a food disruption simulation in school on 15 February 2024.

This TD40 Exercise aims to prepare students for potential disruptions to our food supply chain due to climate change, protectionism, or geopolitical tensions etc., given Singapore's reliance on food imports.

The canteen will not serve any form of meat (e.g. chicken, fish, pork and seafood) on that day so as to encourage students to be flexible in food choices and be open to protein alternatives in the event of such disruptions. Please support us by not including any meat items for your child's/ward's snack or lunch unless she has a specific dietary requirement.

There will also be fun-filled activities conducted by our PVG during recess from 15 February to 16 February to show students that they can respond by doing something to adapt to any disruptions. Following the exercise, students will reflect on their experience and share their thoughts and feelings with their classmates through a guided discussion.

Parents/Guardians may wish to engage your child/ward in sharing her experience with you and reinforce the important notion that everyone has a part to play in Singapore's Total Defence effort.

Thank you for your continued support for Total Defence.

If you have any questions or concerns, please contact Ms Cassandra Quek (SH CCE) at quek_sock_cheng@schools.gov.sg

5. Give@RGPS 2024

Give@RGPS is a school-based project which builds and cultivates character and citizenry by providing opportunities for students' self-leadership, initiative, and involvement in school improvement.

Primary 1 to 3 students will be guided by their form teachers in the Give@RGPS project. They will reflect on their school experiences and pledge a kind deed for someone in the school community or to improve the school environment. Thereafter, students will exercise self-leadership in striving to fulfil their pledges.

Primary 4 to 6 students are encouraged to propose self-initiated projects to contribute to improving the school or community. Students who are interested to do so can submit a proposal online. The link to submit their proposals will be posted on SLS in Term 1 Week 8. Teacher mentors will be assigned to the groups of students whose proposals are selected for implementation.

Please refer to the table below for a summary of Give@RGPS:

Level	Start of Project	What Pupils Will Do	Project Type
P1 to P2	Term 2 Week 2	- pledge a kind deed - fulfil the pledge	Guided by form teachers (will be done in class)
P3	Term 1 Week 8		
P4 to P6	Term 1 Week 8	- submit a proposal online - if project is chosen, embark on project under the guidance of teacher mentors	Self-initiated

We hope you can encourage your child/ward to participate in the Give@RGPS project.

Thank you for your support. For any enquiries on this project, please contact Ms Cassandra Quek at quek_sock_cheng@schools.gov.sg

6. Health Fair 2024

Our school will be holding our annual Health Fair in Term 1 Week 8, 19 – 23 February 2024. The fair aims to encourage students to lead a healthy lifestyle through two main areas:

- 1) be active through participation in physical activities
- 2) eat right by choosing healthier food or snack options

We will be collaborating with the school's canteen vendors, the RGPS Parent-Volunteer Group (PVG) and external vendors for this fair to bring in healthy food options and various physical activities for the students.

If your child/ward would like to purchase the food items during the Health Fair Week, do allow her to **bring sufficient cash** for the purchase of these healthy food items on 22 February, Thursday and 23 February, Friday as the items cannot be paid for using their POSB smart watches.

In support of our school's direction, Go Green and Love Earth, do encourage your child to **bring along their own containers** for the purchase of the Trail Mix and a **reusable bag** for the purchase of fruits and vegetables.

Skateboarding Workshop:

This year, we are engaging a vendor to run a Skateboarding Workshop to encourage both parent and child to meaningfully bond through the learning of a new skill. The programme is

open to the first 50 pairs of parent and child signups. This workshop is specially for students who are new to skateboarding as it is catered for beginners.

To facilitate the vendor in their planning and preparation for the workshop, please indicate your interest via this link: <https://forms.moe.edu.sg/forms/J5lByv>.

We will notify you via email if you are successful in signing up for the session by 16 February 2024. Kindly note that only successful applicants will be informed.

7. Cyberwellness Week 2024

Safer Internet Day is celebrated every February of the year. It is an annual global initiative to promote safer and more responsible use of online technology and mobile devices among children and young people. The theme for Safer Internet Day this year is **“Nurturing Healthy Habits in the Digital Age”**.

As a school, we will be commemorating our Cyberwellness Week in line with the Safer Internet Day initiative from the 5 to 8 February. Through the school-based activities, the students will learn skills in these four domains - Cyber Safety, Cyber Kindness, Cyber Awareness and Cyber Brave.

As an extended family activity, we would like to encourage you and your child/ward to nurture healthy habits in the digital age by committing to a **Screen-Free Weekend** during the Lunar New Year weekend on 10 and 11 February and replace screentime with a family-bonding activity (i.e. playing a sport, going out for a hike, spending time with relatives, playing board games) instead.
