1. Issuance of Locker Keys

We are pleased to inform you that the students will be issued with a personal locker this year. Please indicate your interest by indicating a “Yes” on Parents Gateway if you would like your child/ward to have a personal locker by **Monday, 26 January 2026**.

The form teacher will issue one locker key to each student by end of Week 5 i.e. 6 February 2026. The lockers are for students’ use.

The following are the rules for locker use:

- a. Cleanliness of locker. Students are to keep their lockers clean at all times. They are not to draw or paste any sticker on the lockers.
- b. Use of locker. The lockers are meant for the students to put their books and stationery, which they do not wish to bring home. Students are not allowed to put personal items such as jewellery, cash, handphone, electronic or expensive items in the lockers. The school will not be responsible for the loss of such items. No food and snacks are to be put in the lockers.
- c. Loss of locker keys. Students are to be careful with their locker keys. If a key is lost, the student concerned will report the loss to General Office and pay **\$15.00** for a replacement lock. Replacement of locks will only be done in **Week 5 & Week 10 of each term**. Students who have lost their keys will be responsible for any item missing from their lockers during the interim period after school assists them to break open their lockers.
- d. Centralised Key Press in Classrooms for P1 and P2 Students. All P1 and P2 students are to keep their locker keys in a centralised key press situated at the back of the classrooms. The centralised key press will be locked by the teacher before dismissal every day and opened the next day. P1 and P2 students are not allowed to bring the locker keys home.

The form teacher will educate the students on the use of lockers. Please also help us to educate our students to be responsible when using their lockers.

2. Assembly Talk and Distribution of Vitagen

We would like to inform you that an assembly talk has been scheduled for our students on **Monday, 2 February**.

As part of the programme, students will be given a serving of **low-sugar Vitagen**. This is provided as part of the talk and is aligned with our school’s efforts to promote healthier food choices among students.

If your child/ward has any dietary restrictions or allergies, please inform the form teacher in advance.

1.3 **CCA**

To give the girls balance in the education pursuits, it is important for them to be regular in their CCA attendance. We hope parents will encourage and support the girls in the CCAs so that they will learn perseverance, teamwork, ability to juggle different demands and enjoy the camaraderie and sense of achievement in their CCAs. It is also a good opportunity for the girls to de-stress and do something different.

CCA sessions for P6 will end by Semester 1. For those involved in competitions, there may be further adjustments based on the competition fixtures and the respective CCA teachers will inform you.

This year will be a challenging opportunity for the students but it will also be a precious avenue for families to come together and bond. The time and attention that you specially set aside will make your daughter/ward feel valued and loved. Having regular conversations with one another will allow you to gain deeper insights into what she values and help her find a balance between study and relaxation. Affirm her efforts. Celebrate her successes. Be there for her to guide her in managing the changes and expectations.

The school is committed to working with all of you and we hope to have your cooperation, understanding and support in our collaborative efforts together to educate and care for the students.

5. P6 Non-Weighted Assessments 2026 (Revised)

In line with MOE's direction to reduce school-based assessment and nurture lifelong learners, the school will not have any mid-year examination for P6. This will also provide our students with more time to adjust to the transition and adapt to the new demands of the level.

Although there is no mid-year examination, students' learning will continue to be monitored and appropriate support will be provided. Current practices to gather information about students' learning through class discussions, homework, topical tests remain to support students' development and achievement in learning.

Bite-sized forms of non-weighted assessments will be conducted in Term 1 and Term 2. The table below shows an overview of the assessment weightings.

Term 1	Term 2	Term 3	Term 4

Students who are absent on the day of assessment are to submit valid supporting documents (e.g. medical certificate) via the new feature in Parents Gateway. Performance for that subject would then be indicated as 'VR' (Valid Reason). The overall marks for that subject would then be pro-rated accordingly.

For all other matters pertaining to assessment, please write in to our school and attention it to Principal.

Do continue to support your child/ward in her learning and encourage her to find joy in her educational journey.
Thank you!
